RESOLUTION AUTHORIZING
A CONTRACT WITH SHADE STRUCTURES, INC., THROUGH A COOPERATIVE
PURCHASE AGREEMENT WITH THE CAPISTRANO UNIFIED SCHOOL DISTRICT

WHEREAS, the Waterfront Revival Task Force developed a Vision and Action Plan to meet the City Council's goal to revitalize the downtown and the waterfront which included the concept for the Weber Point Events Center (WPEC); and

WHEREAS, the WPEC project attracted a great deal of community support including financial contributions but due to lack of funds, the shade structures for the picnic areas were not completed; and

WHEREAS, local Rotary Clubs of Stockton, in conjunction with the Rotary International's Centennial celebration, is including the construction of a shade structure at WPCE group picnic area as one of several projects citywide which the Rotary will co-sponsor; and

WHEREAS, the Rotary will be donating $23,000 toward completion of the project that will cost $59,321; and

WHEREAS, the Capistrano Unified School District recently went out to bid for purchase of shade structures district-wide, and awarded the contract to Shade Structures, Inc., through a cooperative purchase agreement program; now therefore,

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF STOCKTON, that the purchase of the shade structure for the Weber Point Events Center group picnic area is hereby authorized through a cooperative purchase agreement with the Capistrano Unified School District based on the following findings:

1. That the purpose of cooperative purchasing participation is to pool various agencies purchasing volume to directly impact costs. The Capistrano Unified School District, through the bid process, has furnished the City of Stockton with executed agreements awarded to Shade Structures, Inc.

2. That the Capistrano Unified School District established the cooperative purchase agreement pursuant to a competitive bidding process.

3. That by purchasing goods and services under this cooperative purchase agreement, the City will realize substantial savings.

4. That the bid specifications used by the Capistrano Unified School District have been assessed as compatible with City of Stockton standards.

5. That the Weber Point Events Center picnic area shade structure will be unique in its design, construction and installation and requires an extremely specialized contractor.
