8.8 The services to be required of ARTISTS under this Agreement shall be completed in accordance with the schedule for completion of the Work as proposed by ARTISTS and approved by CITY, provided that such time limits may be extended or otherwise modified by written agreement between ARTISTS and CITY.

SCOPE OF WORK
Edna Gleason Park
Public Art Element Contract
Laczko/Poethig 2004

Gateway "Beacon"

Description of Project:

The location for the gateway will be at the corner entrance of Sonora and California Streets. The design uses glass blocks imbedded in cement with photos mounted behind them in the interior. The pillar is lit from the inside using the existing electrical and light planned for the site. This proposal also takes advantage of the previous plans for pillars at this site by having the GC put in the footings, steel structure, concrete and painted stucco as part of their overall contract. There will be a locked access door at the base of the pillars so that bulbs can be changed. The wrought iron flames at the top of the pillars are each unique, bringing more movement and expression to the artwork. The exterior tile work will add accent colors and images to the pillars. The interior images will be chosen from historic photos of Little Manila and the area. They will be transferred onto a permanent material such as tile or metal ad fastened onto the glass block with a welded metal frame.

Preliminary Plan:
May 2004: Meetings with Callendar Associates Ben Woodside, Nikki Wu and Program Manager Robyn Burror: determine site, evaluate current plans for site, review public art funding and discuss historical and cultural approach to neighborhood.
Deliverables: Preliminary sketches, budget to include fabrication and installation. Schematic design.

June 2004: Preliminary plans to PAAC for approval. Design and inclusive budget

Illustrated Public Art Master Plan for Gleason Park and Neighborhood to be used in project development phase.
