Central Stockton Lighting Maintenance Assessment District

• Recommendation:
  Provided that owners of more than 50 percent of the assessable lands within the District have not protested the proposed levy of annual maintenance assessments, it is recommended that Council adopt a resolution overruling all protests, approving and adopting the Central Stockton Lighting Maintenance Assessment District Annual Engineer's Report for the 2014-2015 fiscal year, which contains the budget, and confirming and levying the assessments for each zone as set forth in the Annual Engineer's Report.
